SUBJECT: Revision Request to "Update" Rate Schedules F & H
REF: Docket #94-04 General Matters

Dear Mr. Boertzel:

The Guam Power Authority no longer utilizes the Outdoor / Streetlighting "Mercury Vapor" lamps. Therefore, the authority respectfully requests Public Utilities Commission's approval to revise Rate Schedules F & H to coincide with this aspect.

GPA is attaching Exhibits (A & A-1) depicting the Rate Schedules it currently utilizes and (Exhibits B & B-1) updated/revised Rate Schedules "Without" Mercury Vapor.

Please do not hesitate to contact Mr. Randall V. Wiegand, Chief Financial Officer should you have any concerns regarding this petition.

Sincerely,

JOAQUIN C. FLORES, P.E.
General Manager

Cc: Mr. R. V. Wiegand, CFO
Ms. Cora Montellano, Assistant CFO
File CFO 042 07

Rate Schedule "H"

**GUAM POWER AUTHORITY
 SCHEDULE "H"
 Private Outdoor Lighting**

Availability:

Applicable to private outdoor lighting service where the Authority owns, maintains and operates such facilities.

Rate:

Energy Charge:
 All kilowatt – hours per month - per kwhr \$0.13307

FIXTURE CHARGE: (To be added to the Energy Charge)

Lamp Type	Wattage	Kwhr per month	Amount per lamp/per month
Mercury Vapor	250	101	\$12.08
Mercury Vapor	400	159	\$19.16
High-Intensity Discharge	400	163	\$23.16
High Pressure Sodium (Lucalox)	250	101	\$20.93
High Pressure Sodium (HPS)	150	54	\$15.29

Fuel Clause:

The fuel cost adjustment, as specified in Schedule "Z", will be added to each bill for service based on the above kwhr.

Insurance Charge:

An insurance charge of \$.00145 per Kwh shall be billed monthly unless suspended by GPA when Commission insurance reserve criteria have been met. GPA may reinstate the insurance charge when Commission reinstatement criteria have been met. The insurance charge will be suspended or reinstated in conjunction with the Navy insurance charge.

Issued March 21, 1984
Revised October 01, 1997
Effective with meters read
on and after October 01, 1997

Rate Schedule "H"
(Continued)

Terms and Conditions:

1. Determination of Energy:

Standard service will be unmetered dusk to dawn service. The kilowatt- hours shall be the average kwh use per month by lamp type.

2. Standard Equipment Furnished:

Bracket or mast arm construction will be furnished and attached to existing wooden poles and secondary voltage.

3. Other Than Standard Equipment:

Where the customer requests the installation of other than the standard equipment be furnished by the Authority, including underground, and such requested equipment is acceptable to the Authority, the Authority will install the requested equipment provided the customer agrees to make a contribution of the estimated difference in cost installed between such equipment and standard equipment.

Contributions made for this purpose will not be refunded. Where the customer requests fixtures to be installed on electroliers or other ornamental standards that are acceptable to the Authority, in lieu of making the contribution, the customer may elect to pay added facilities charge of 2% per month of the added investment required for such facilities. Facilities installed in connection with such agreements become and remain the sole property of the utility.

4. Replacement Cost:

Where the customer requests an existing street lighting fixture or electrolier be replaced with another type within 60 months from the date of the original installation of the equipment to be replaced, the customer shall make contribution to the estimated cost of the new equipment installed plus the cost of the removal of the existing equipment.

Rules:

Service supplied under this rate shall be subject to the Service Rules of the Authority.

Riders:

Charges in addition to the above are applicable under certain conditions more specifically set forth and incorporated herein – viz.

Schedule A – Accommodation Service Charges
Schedule B – Service Establishment Charges

Issued March 21, 1984
Revised August 01, 2007
