Rate Schedule "L"

GUAM POWER AUTHORITY
SCHEDULE "L"
Large Government Service

Availability:

Applicable to large light and/or power service supplied and metered at a single voltage and delivery point, with demand of 200 kw or more. A Large Government (Schedule L) customer will be transferred to Small General Demand service (Schedule K), if the customer's monthly billing demand for each of the customers last twelve (12) billing months, is less than 200 kw.

When transferred to a new rate schedule, the customer must remain on that rate schedule for a minimum of twelve (12) billing months.

Monthly Rate:

First 200 kwhr per kw of billing demand	
First 4000 kwhr per month	- per kwhr \$0.19387
Over 4000 kwhr per month	- per kwhr \$0.13761
Next 200 kwhr per kw of billing demand	- per kwhr \$0.09168
Over 400 kwhr per kw of billing demand	- per kwhr \$0.05346
Monthly Customer Charge	\$22.40

Determination of Demand:

The maximum demand for each month shall be the maximum average load in kw during any fifteen-minute period as indicated by a demand meter. The billing demand for each month shall be the maximum demand for such month or, 75% of the customer's highest metered maximum demand for the preceding eleven months nor less than 200 kw, for customers with a demand meter. If a customer does not have a demand meter, the billing demand will be the average demand multiplied by the demand factor of 1.5024 that is derived from most recent Load Research Study.

Power Factor:

The above demand and energy charges are based upon an average monthly power factor of 85%. For each 1% the average power factor is above 87% or below 83%, the monthly bill is computed under energy charges shall be decreased or increased, respectively, by 0.15%. The power factor will be computed to the nearest whole percent.

Rate Schedule "L"

SCHEDULE "L" (Continued)

In no case, however, shall the power factor be taken as more than 100% for the purpose of computing the adjustment.

The average monthly power factor will be determined from the readings of a kwh meter and kvarh meter. The kvarh meter shall be ratcheted to prevent reversal in the event the power factor is leading at any time.

Special Terms and Conditions:

Primary Supply Voltage Delivery:

Where, at the option of the Authority, the customer takes delivery and/or is metered at the Authority's supply line voltage, the energy charges will be decreased as follows:

Distribution voltage supplied without further transformation	2%
If meter is at the supply line voltage	1%

Fuel Recovery Charge:

The Fuel Recovery Charge, as specified in Schedule "Z", will be added to each bill for service.

Insurance Charge:

An insurance charge of \$0.00290 per Kwh shall be billed monthly unless suspended by the Authority when Commission insurance reserve criteria have been met. The Authority may reinstate the insurance charge when Commission reinstatement criteria have been met. The insurance charge will be suspended or reinstated in conjunction with the Navy insurance charge.

Emergency Water Well and Wastewater Charge:

An emergency water well and wastewater charge of \$0.00279 per Kwh will be billed monthly unless otherwise ordered by the Commission.

Rate Schedule "L"

SCHEDULE "L" (Continued)

Terms of Contract:

Not less than one year.

Rules:

Service supplied under this rate shall be subject to the Service Rules of the Authority.

Riders:

Charges in addition to the above are applicable under certain conditions more specifically set forth and incorporated herein - viz.

- Schedule A - Accommodation Service Charges
- Schedule B - Service Establishment Charges
